Kissing

Bliss

The red light of the sun Slowly descending The sky is all I see It's never endingWe could fly You and I On a cloud Kissing, kissingThe wind plays with the leaves The weather turns colder But as long as we believe Love doesn't get olderWe could fly You and I On a cloud Kissing, kissing On a journey of the heart There's so much to see And when the sky is dark You'll be right here, right here with meRight here with me KissingKissing, kissing Kissing, kissingA journey of the heart A journey of the heart A journey of the heart A journey of the heartA journey of the heart A journey of the heartA journey of the heart A journey of the heart A journey of the heart A journey of the heartKissing A journey of the heart A journey of the heart Kissing A journey of the heart A journey of the heartA journey of the heart A journey of the heart A journey of the heart A journey of the heartA journey of the heart A journey of the heart A journey of the heart

A journey of the heartA journey of the heart A journey of the heart A journey of the heart A journey of the heart
