

Sidity (feat. Big Sean)

Roscoe Dash

[feat. Big Sean]She got bitches of her last...
She focus... she's too much of her past...
She in a mind state where her grind...
Sets her.
She makes her own joke, she's extraordinary
And knows... she want to carry
She's a dime, not describe, how'sShe acting like.cause she know she's bad
She's making her own money, spend it like she never had
She... she got too much class
So when she in the room, she got it...
Girl, I want it, girl I want it
You got my attention, you got my attention
You got it funny, you got it funny
You got me wishing, you got me wishing
I can live it all, baby just for one night
Know you want it, yeah, yeah
.search around the city, can't nobody do it bigger
A couple bottles... every day that's my prescription
Getting paper every day, every day, that's my subscription
...everything goes, cause I'm not kinda....
That's the girl you... what you're trying to say
You like....
Yeah I know you've seen me on, and she...
My crew got me...
That's why I'm sophisticated dancing around like she...
Twisting on my fingers, hands flipping through the paper like the fingers...
All my music knocking like, just police,
Snatch the bottles out of here like just for me
Chorus:
She acting like.cause she know she's bad
She's making her own money, spend it like she never had
She... she got too much class
So when she in the room, she got it...
Girl, I want it, girl I want it
You got my attention, you got my attention
You got it funny, you got it funny
You got me wishing, you got me wishing
I can live it all, baby just for one night
Know you want it, yeah, yeahI think I know what it is, yeah!
See it, see!
Up, up, .let go...
.with style, way to

I mean, all go
You deserve it .
Probably .day and night with champagne, and Jacuzzi
Celebrating the life, you work .
Girl, you're one of a kind, yeah your kind is so seducing!
She be my example, I guess that...
She got her man stand still, .how she do it, independent
And I'm...
She probably following love, if she ever got to knew me.Chorus:
She acting like.cause she know she's bad
She's making her own money, spend it like she never had
She... she got too much class
So when she in the room, she got it...
Girl, I want it, girl I want it
You got my attention, you got my attention
You got it funny, you got it funny
You got me wishing, you got me wishing
I can live it all, baby just for one night
Know you want it, yeah, yeah
