

Bubbles

Dizzee Rascal

One two, one two, one two, mike, check, check, check
Yeah, one two, yeah, yeah, clear, clear, yeah I'm a young ragga brother from the LDN
In my Nike Air bubbles and they cost one ten
Got these beanies on my lap and they all want the length
I? m a ghetto superstar, come straight from the ends And I walk it like I talk it, brother ain't just
hype
Making moves for the money everyday and every night
Best to believe I keep it tight, best to believe I'm moving right
Keep my business on the low, you best to believe I'm outta sight I like money, money, money,
girls, girls, cash, cash
I? ll let the champagne splash
Yo, I'm not a gang banger but I'm good with a mash
Make you scratch your head and wonder is he really that flash
But it really doesn't matter 'cause you know I keep it moving
Middle of the dance floor, lean, I'm grooving
Baby cocked her bumper out, you know I gotta wind it
When we leave the club I'm really gonna get behind it Nike Air bubbles on my feet, looking
fresh
Got my brand new garms on, dress to impress
Got my phone line popping, all these beanies gotta crush
Keep something in my pocket case these fellas try and rush Nike Air bubbles on my feet,
looking fresh
Got my brand new garms on, dress to impress
Got my phone line popping, all these beanies gotta crush
Keep something in my pocket case these fellas try and rush Brown eyes, five ten, dark skin
I'm Mr. Dizzee Rascal, why you even asking
Undercover lover, girls call me buff ting
But used to keep a Balaclava resting on my chin
And it's the ends here, hustle hustle, bling bing, blow it in
About to hear the fat lady sing
Don't matter what I'm saying, it's the answer within
But life's a jungle, everybody wants to be the king But it's all right though, I got my eyes on the
prize
Money in my draw, bigger picture in my eyes
Hands around my testicles, little finger rising
Every step that I take is a step with precision I'm precise, precisely why my future's looking nice
The penthouse is lovely, it's a shame about the price
But you only live twice, that's on the real
No matter where I am I'll always be the real deal Nike Air bubbles on my feet, looking fresh
Got my brand new garms on, dress to impress
Got my phone line popping, all these beanies gotta crush
Keep something in my pocket case these fellas try and rush Nike Air bubbles on my feet,

looking fresh
 Got my brand new garms on, dress to impress
 Got my phone line popping, all these beanies gotta crush
 Keep something in my pocket case these fellas try and rush Education starts with discipline, I'm
 listening
 But conversation's kinda muffled since I got rich and tings
 Double turn, indirectly spoke, I never heard a thing
 Underground or overground, what's the difference? I'm the king Learnt divine right, it's my
 hindsight, I see it all
 'Cause I ain't that fake to spread my wings and fly, you're a fool
 Talking like you're mighty and you're high, but I know you're small
 There's no logic in your gossip, just the writings on the wall Over ignorant, you ain't got it, you
 just play far
 Far from the realist old dog, menace, you're a mark
 If you're deep, why you gotta roll fifty to the club, blud?
 Who do you think you're fooling with that fake crew love? The streets don't cater for no long
 term plan
 These roads don't give a damn about any man
 I try and show these brothers, they refuse to understand
 So I'll just keep doing what I'm doing while I can Nike Air bubbles on my feet, looking fresh
 Got my brand new garms on, dress to impress
 Got my phone line popping, all these beanies gotta crush
 Keep something in my pocket case these fellas try and rush Nike Air bubbles on my feet,
 looking fresh
 Got my brand new garms on, dress to impress
 Got my phone line popping, all these beanies gotta crush
 Keep something in my pocket case these fellas try and rush East side crew, west side crew
 North side crew, south side crew
 East side crew, west side crew
 North side crew, south side crew
