

# I Run Roulette

## BOOTS

I've been up all night  
I'm sure, I'm sure you think you might've seen this one  
Or heard it from some other kind of stranger in the light  
I keep chasing all my thoughts into a funnel  
Spilling, thrilling every chair in front of me  
Like I'm some spider sent from Mars  
I keep pushing all my chips into the center of the table  
But I'm split between two shades of every one of my mistakes  
Not so sure no more  
Not so sure no more  
Red bottoms up, right, go all in  
Outside my tombstone on your wall  
Maybe you should be the one that I forget  
Baby, I could be the one that you regret  
My cassette don't play these songs, I run roulette  
If you don't know, keeping it close  
If you don't go, I might run, I run roulette  
I've been tricked into a thousand different ways  
To slide myself away right down the drain  
That was all within in a day  
Not so sure no more  
Not so sure no more  
Say this is heaven in a bombshell blonde who's got the devil's legs  
Run, I run roulette...
