

This Is Not a Marijuana Song

Protoje

And so it was said that the herb be provided for I&IThey don't want you to know Marijuana

Ites up and be Free

Jah so Let it beHerb smoke keep i sane, take my pain

Stop migraine, so much i gain, so why blame?

I'm saying Jah might bring the right strain

To my brain fi chop lightning like I-Wayne

Cause man deh ya pon the Lava Ground

And if u soft like a guava u can't come round

This part of Town, I tell unuh the thought alone

A could a Sparta it falter down

REVIVAL Hallelujah it start up now

Reprisal fi the luu Jah it watered down, Naa Pardon none

What deh in a mi garden strong

This is NOT a Marijuana SongThis is not Marijuana music

Just a Message from the ones that use it

Don't abuse it cause a mind that's fertile

Brings forth something that's worthwhile

Know your worth child

Cause no officer alive coulda look in a ma eyes

And see what i prophesy

My mind it forever occupies, thoughts of...

Hold ma talk cause spies amongst us

If trouble did a trouble me, well that mi chalice woulda bubbly
drop in a one load then double itWhat deh in a me garden strong

This is NOT a Marijuana Song

Listen up, the truth is to be told

Open your eyes there is beauty to behold

What is the new if u consider the old

Why gain the world and no consider your soul

What is the cloud if u understand the lining

Who is the king if u consider the Lineage

You know its H.I.M so no continue deny him

Is it freestyle if i consider the Line

Then configure the timing adjust to fit the rhyme scheme

With no trouble to my mind really?

Seal It

I say wah deh in a me garden strong

This is not a Marijuana Song
