

# Fate

H.E.R.

Yeah, yeah, yeah, um, hm I'm lost, is it really even my fault?  
I don't think that it's supposed to be hard  
It's really meant to be  
So give me a sign  
Is he always gonna be mine?  
Have I given it enough of my time?  
You cannot blame if it don't mean nothing Sweet, sweet fate  
I had about all that can take  
You're my living in the breath that I make  
Is it yours? I wonder  
Sweet, sweet fate  
(Sweet, sweet fate)  
Oh if it's really out of my hands  
(If it's really out of my hands)  
Can you forgive all of my sins?  
(Can you forgive all of my sins?)  
Have mercy on me, me Why me?  
If you walked a mile using my feet  
You would go a little easy on me  
You know where I'm coming from, yeah  
How come, when I'm lookin' at everyone  
They get away with havin' little fun  
I'm paying these dues when they don't mean nothing  
Sweet, sweet fate  
I had about all that can take  
You're my living in the breath that I make  
Is it yours? I wonder  
Sweet, sweet fate  
(Sweet, sweet fate)  
Oh if it's really out of my hands  
(If it's really out of my hands)  
Can you forgive all of my sins?  
(Can you forgive all of my sins?)  
Have mercy on me, me
