

# To the Metal

## Gamma Ray

[Hansen]Coming from the streets  
Fists up in the air  
Generating heat  
They come from everywhereHailFists are made of iron  
Bodies made of steel  
Dancing on a razor  
Metal is the deal  
HailWe came to feel the thunder  
The lightning and the heat  
We came to hail the metal gods  
Banging to the beat  
Singin'  
Hail to the Metal, hail  
Singin' Hail Heavy Metal, hailThe power in the music  
Arising in us all  
We're never gonna lose it  
We're proud and standing tall  
Hail  
I said, hailIf you just cannot feel it  
You'll never understand  
There's nothing's gonna beat it  
Metal rules the land  
HailWe came to feel the thunder  
The lightning and the heat  
We came to hail the metal gods  
Banging to the beat  
Singin'  
Hail to the Metal, hail  
Singin Hail Heavy Metal, hail  
HailHail Heavy Metal, hail  
Hail Heavy Metal, hail  
Hail Heavy Metal, hailHail to the Metal  
Heavy Metal  
Hail  
Hail to the Metal  
Heavy Metal  
All Hail  
Hail to the Metal  
Heavy Metal  
All Hail  
Hail to the Metal  
Heavy Metal

All Hail  
Hail to the Metal  
Heavy Metal  
All Hail
