Bring it! What? We right here We're not goin' anywhere We right here This is ours and we don't share We right here Bring your crew 'cuz we don't care We right hereOne mo' time I gots to hit the streets off, make the streets talk Let 'em know it ain't a sweet walk This gon' be The only joint made this year that'll knock 'til 2003 And y'all gon' see That the hottest n out there, was, is, and will be me Just like that I can go away for a minute, do some other s, but bounce right back And when it's on I'm comin' strapped, with some s that'll spit from dusk 'til dawn And when you gone Ain't no comin' back in the morning, like that s was a dream N you gone That's for real Creep ns like a seal, totin' steel, stick a n make him squeal Oh, my God Those can't be the last words of ya man, damn ya man was so hardCome on Bring it! F it, I'm goin' for ten This never gon' stop, and every fn' time I hit you It's goin' straight to the top of the charts The champion I'm a thoroughbred, my blood is strong, and I scratch 'til you done Cross the lineAnd ain't no more scratches after that, straight up, n is dyin' Yo, what the f Is you cats doin runnin' around like this?

Like you won't get stuck, yo, that's my word I stay givin' it to n and I stay not really being heard But, y'all gone see That the same things thou did to them, will be done to thee And then you'll knowThat sometimes though you come thru' the front You leavin' out the backdo', come on Bring it!
