

Ritual

Soulfly

Refugee, silence, agony
Crawling back to me
My inner hell set free
Sacrifice
Acceptance at a price
Solidarity
Fuck you, I am integrity
Insurrection
Ritual aggression, Ritual, Ritual
Culminate
While we instigate
See my scars of hate
This is the new dark age
Build upon
A war that can't be won
Infernal agony
Just set me free
Insurrection
Ritual aggression, Ritual, Ritual
When you're facing the end
Your pilgrimage begins
Order out of chaos
Order from disorder, Ritual, Ritual
Order from disorder
Ritual
