Just the otha day  
Said I ran into this beautiful lady  
She asked me my name  
And I told her it's Gyptian  
Immeadiately she said  
Boy I gotta give you sumtin' from her body  
And I said Baby quickly  
She said don't want you to tell nobody  
Dat I gave it to you so easy  
I said Wit me baby ya don't need to worry  
She said Ohh and Ahh  
She never felt so right  
I said Yes my babyBring it on me tonite  
Woman of my dreams  
You have become reality  
Part of my subconsciousness  
And my immortality

Because I have you for my girl  
And I promise you my baby

I said Yes my baby  
Bring it on me tonite  
Just the otha day  
Said I ran into this beautiful lady  
She asked me my name  
And I told her it's Gyptian  
Immeadiately she said  
Boy I gotta give you sumtin' from her body  
And I said Baby quickly  
She said don't want you to tell nobody  
Dat I gave it to you so easyI said Wit me baby ya don't need to worry
