Brandy

I wake up to you
Go to sleep to you
And all in-between I'm here with you
I like to write to you
I think to you
And when it's something I love
I say it to you I'm crazy about you
Oh yea
I can't live without you
No no no no no
I'm so glad I got you
Right by my side yea yea yea
Cause I left without you
I left, I left to you
I couldn't lie to you
And where there's no one else to talk to
There's always you
I dance to you
Share the plans with you
Although you know people who know me
There's you
Oh oh oh oh I'm crazy about you
Can't live no no no no
Oh yea
I can't live without you
Oh oh oh aha
I'm so glad that you made me live
Cause I left without you
Everywhere in the past has been said
That you make our world go around
Round and round
So I guess that's what I'm tryin to say now eh eh eh I'm crazy about you
I'm crazy, crazy about you
I can't live no
I can't live without you
You're the reason I live
Yea yea yea yea
I'm so glad I found you
Cause I'm lost without you
It's all lost
Cause I left without you I'm crazy without you
I can't live without you

I'm so glad I found you
