

# Animal (feat. Jordan Powers & Bekah Novi)

## Vicetone

I feel like I'm an animal  
'Cause every time I lose control, control  
Wanna take a bite and take it off I feel like I'm an animal  
You know I feel like I'm an animal  
'Cause every time I lose control, control  
Wanna take a bite and take it off  
I feel like I'm an animal  
You know  
I feel like I'm an animal I feel like you could be my crazy lover  
'Cause every time we get a little bit closer  
I lose my head and then my heart takes over  
(My heart takes over)  
My heart takes over  
I feel like you could be the king of my kingdom  
So come on over if you're feeling vicious  
I'll make you lose your head and inhibitions  
Yeah you're making me feel I feel like I'm an animal  
'Cause every time I lose control, control  
Wanna take a bite and take it off  
I feel like I'm an animal  
You know I feel like I'm an animal  
I feel like I'm an animal  
I feel like I'm an animal  
I feel like I'm an animal  
I feel like I'm an animal  
I feel like I'm an animal I come alive out in the wild  
I come alive out in the wild  
I feel like I'm an animal  
'Cause every time I lose control, control  
Wanna take a bite and take it off  
I feel like I'm an animal  
You know I feel like I'm an animal  
I feel like I'm an animal  
I feel like I'm an animal  
I feel like I'm an animal  
'Cause every time I lose control, control  
Wanna take a bite and take it off  
I feel like I'm an animal  
You know
