

# One In a Million

## Pet Shop Boys

Why this uncertainty?  
It's not clear to me  
Would you rather be independent?  
Have I lost your love?  
Have you had enough?  
Do you feel too much resentment?  
How can I make you see  
when you disagree  
that you just can't leave? One in a million men  
could change the way you feel  
One in a million men  
Baby it's up to me  
I won't stand in your way  
I can't make you stay  
though of course I'll feel rejected  
You're a part of me  
You're the family  
I can't bear to leave One in a million men  
could change the way you feel  
One in a million men  
Baby it's up to me Feel free to leave  
if you think you're trapped  
But please believe  
I'll always want you back  
One in a million men  
could change the way you feel  
One in a million men  
Baby it's up to me
