

# Battle Cry

## Imagine Dragons

Just one more time before I go  
I'll let you know  
That all this time I've been afraid  
Wouldn't let it show  
Nobody can save me now, no  
Nobody can save me now Stars are only visible in darkness  
Fear is ever-changing and evolving  
And I, I've been poisoned inside  
But I, I feel so alive  
Nobody can save me now  
King is downed  
It's do or die  
Nobody can save me now  
The only sound  
It's the battle cry  
It's the battle cry  
It's the battle cry  
Nobody can save me now  
It's do or die Nobody can save me now  
King is downed  
It's do or die  
Nobody can save me now  
The only sound  
It's the battle cry  
It's the battle cry  
It's the battle cry  
Nobody can save me now  
It's do or die  
Just one more time before I go  
I'll let you know  
That all this time I've been afraid  
Wouldn't let it show  
Nobody can save me now, no  
Nobody can save me now
