

# Wanna Be

## The Internet

Early in the morning  
She's running through my mind again  
Girl, you got me wondering  
If we should be more than friends Do you wanna be?  
Do you wanna be?  
Do you wanna be?  
Don't you wanna be my girl? (Girl)  
(Girl, girl, girl, girl)  
My girl, girl  
Yeah, yeah  
Every single evening  
She's telling me about her day  
My feelings getting creeping  
I wonder if it's fair to say Does she wanna be?  
Does she wanna be?  
Does she wanna be?  
I think she wanna be my girl  
My girl, oh (girl)  
Damn I don't know  
Pretty sure though  
It's like  
I think she wants to be (girl, girl, girl)  
At least I hope she does, shit  
Girl, yea, ooh oh  
Ta-da, ta-da  
I think she wanna be  
I think she wanna be  
I think she wanna be  
I think she wanna be my girl (girl, girl, girl)  
My girl Girl (girl)  
Girl (girl)  
Girl (girl)
