

# Ride (feat. Icona Pop)

Lowell

Ride, ride, ride!  
Ride, ride, ride! Yo, kiss me  
You know that you miss me  
Get on the bike and go (Ride!)  
Ride it like you stole it, floor it  
I don't like the road, I adore it I can see you got stars in your eyes  
I can see you got stars in your eyes  
I can see you got stars in your eyes  
Stars in your eyes, love is in the air Speed demon, my little angel  
Pick up the pace like danger (Ride!)  
Let's go to Hollywood, burn down the disco  
Break away to San Francisco  
I can see you got stars in your eyes  
I can see you got stars in your eyes  
I can see you got stars in your eyes  
Stars in your eyes, love is in the air Break the windows (Ride, ride, ride!)  
Shout it out tonight  
Have a bitch fit, we don't give a shit  
Love is in the air, hey, hey  
Break the windows (Ride, ride, ride!)  
Shout it out tonight  
Have a bitch fit, we don't give a shit  
Love is in the, love is in the air Gonna be the fastest, foot on the gas can, pass us  
Wanna give a fist, all reckless  
Got our leather jackets, JD for breakfast  
And I can see you got fire in your heart  
I can see you got fire in your heart  
I can see you got fire in your heart  
Fire in your heart, love is in the air Break the windows (Ride, ride, ride!)  
Shout it out tonight  
Have a bitch fit, we don't give a shit  
Love is in the air, hey, hey  
Break the windows (Ride, ride, ride!)  
Shout it out tonight  
Have a bitch fit, we don't give a shit  
Love is in the, love is in the air I can see you got stars in your eyes  
I can see you got stars in your eyes  
I can see you got stars in your eyes  
Stars in your eyes, stars in your eyes  
And I can see you got fire in your heart  
I can see you got fire in your heart  
I can see you got fire in your heart

Fire in your, fire in your...(Ride, ride, ride!)  
Break the windows (Ride, ride, ride!)  
Shout it out tonight  
Have a bitch fit, we don't give a shit  
Love is in the air, hey, hey  
(Ride, ride, ride!)  
Break the windows (Ride, ride, ride!)  
Shout it out tonight  
Have a bitch fit, we don't give a shit  
Love is in the, love is in the air  
(Ride, ride, ride!)  
Into the open (Ride, ride, ride!)  
Let your hair down (Ride, ride, ride!)  
Let your heart go (Ride, ride, ride!)  
Til the road runs out (Ride, ride, ride!)  
Into the open (Ride, ride, ride!)  
Shout it out tonight  
Have a bitch fit, we don't give a shit  
Love is in the, love is in the air  
Ride, ride, ride!
