Light Up the Sky

Yellowcard

You're making a choice to live like this
In all of the noise

I am silence

We already know how it ends tonight
You run in the dark through a firefight
And I would explode just to save your life
Yeah, I would explodeLet me light up the sky

Light it up for you Let me tell you why

I would die for you

Let me light up the sky

I can't find a wall to pin this to

They're all coming down since I've found you

I just wanna be where you are tonight

I run in the dark looking for some light

And how will we know if we just don't try

We won't ever knowLet me light up the sky

Light it up for you

Let me tell you why

I would die for youLet me light up the sky

Light it up for you

Let me make this mine

I'll ignite for you

Let me light up the sky

Just for you tonight

Let me help you fly

'Cause you won't have time

To cover your eyes

And get your disguise

They won't ask you why

They just watch you dieAnd it's still so hard to be who you are

So you play this part

And the show goes on

But you've come this far with a broken heart

Yeah you've come this far

And you're brokenLet me light up the sky,

Light it up for you.

Let me tell you why,

I would die for you.

Let me light up the sky,

Light it up for you.

Let me make this mine,

I'll ignite for you,
I'll ignite for you.Let me light up the sky,
Light it up for you.
Let me tell you why,
I would die for you.And it's still so hard to be who you are,
But you've come this far with a broken heart.
And it's still so hard to be who you are,
But you've come this far with a broken...Let me light up the sky,
Let me light up the sky.
