

Light Up the Sky

Yellowcard

You're making a choice to live like this
In all of the noise
I am silence
We already know how it ends tonight
You run in the dark through a fire
And I would explode just to save your life
Yeah, I would explode Let me light up the sky
Light it up for you
Let me tell you why
I would die for you
Let me light up the sky
I can't find a wall to pin this to
They're all coming down since I've found you
I just wanna be where you are tonight
I run in the dark looking for some light
And how will we know if we just don't try
We won't ever know Let me light up the sky
Light it up for you
Let me tell you why
I would die for you Let me light up the sky
Light it up for you
Let me make this mine
I'll ignite for you
Let me light up the sky
Just for you tonight
Let me help you fly
'Cause you won't have time
To cover your eyes
And get your disguise
They won't ask you why
They just watch you die And it's still so hard to be who you are
So you play this part
And the show goes on
But you've come this far with a broken heart
Yeah you've come this far
And you're broken Let me light up the sky,
Light it up for you.
Let me tell you why,
I would die for you.
Let me light up the sky,
Light it up for you.
Let me make this mine,

I'll ignite for you,
I'll ignite for you.Let me light up the sky,
Light it up for you.
Let me tell you why,
I would die for you.And it's still so hard to be who you are,
But you've come this far with a broken heart.
And it's still so hard to be who you are,
But you've come this far with a broken...Let me light up the sky,
Let me light up the sky.
