

# Cake (East & Young Remix)

## Flo Rida & 99 Percent

You know when I come by, you know what it look like  
Everything lit, all the girls in free  
Anybody inside sipping on a good time  
You ain't gotta rest, they can put it on me  
When they wanna go off  
They know when my money show off  
I don't ever get it one way, yeah  
Spend it and I get it same day, but hey  
I didn't come here to party  
I didn't come here to stay  
I came to leave with somebody  
I only came for the cake  
Cake cake cake cake, cake cake cake cake  
Cake cake cake cake  
I only came for the cake  
Cake cake cake cake, cake cake cake cake  
Cake cake cake cake,  
I only came for the cake  
You know what I came for, I'mma throw a bankroll  
You ain't gotta flex, got your mind on me  
Go until it's all gone, I don't gotta say no  
I can blow a check, tell me what it's gon' be  
When they wanna go off  
They know when my money show off  
I don't ever get it one way, yeah  
Spend it and I get it same day, but hey  
I didn't come here to party  
I didn't come here to stay  
I came to leave with somebody  
I only came for the cake  
Cake cake cake cake, cake cake cake cake,  
I only came for the cake  
Cake cake cake cake, cake cake cake cake,  
I only came for the cake  
Cake cake cake cake, cake cake cake cake  
Cake cake cake cake, cake cake cake cake  
I only came for the cake  
I didn't come here to party  
I didn't come here to stay  
I came to leave with somebody  
I only came for the cake  
I only came for the cake  
I only came for the cake
