

# Tear Drops

B5

Carnell

I'm not tryna hate.

You should of known better.

Better then to let him even get that close.

(Close enough to break your heart)

Tried to be there you made it so hard. Oh.

Should of listened from the jump.

Instead you tried to stunt.

I'm the one you want

shawty why you gotta front.(Bridge)

You know you're the only one for me.

Why you settle for whatever when we're pose to be.

Tears running down your face.

They form the sea

Why you settle for whatever when we're pose to be.

(Chorus)

I can see the tear drops.

Falling down your face now.

Why you settle for whatever when we're pose to be.

He never really loved you, i came to take his place now.

(oh)

Why you settle for whatever when we're pose to be together.(Verse two: Patrick)

She hit me on the phone

i can hear the pain.

baby it's a shame

He still playing games.

I tried to calm her down.

But she just kept on telling me that somethings going wrong.

You never ever should have let him get your love.

I swear you gave him something that he didn't deserve.

you know you should have listened now you can't explain.

Why you going through the same old thing

You know!

(Bridge)

You know you're the only one for me.

Why you settle for whatever when we're pose to be.

Tears running down your face.

They form the sea

Why you settle for whatever when we're pose to be.(Chorus)

I can see the tear drops.

Falling down your face now.

Why you settle for whatever when we're pose to be.

He never really loved you, i came to take his place now.

(oh)

Why you settle for whatever when we're pose to be together.(Kelly)

Baby girl look at me.

I'm so sick and tired of wiping tears from your cheek.

You say you want to be with me.

But you still with him sorta makes me think. (Yeah)

Bout the things that you said.

All the phone calls, and the e-mails that I read.

The lonely nights in your bed.

Are you telling me the truth or you messing with my head?

So now you want to be with me or should i go now.

I really wanna roll with you so how.

Are you gonna handle this.

said he treat you wrong, but you love my kiss.

It's time that you tell me whats on your mind.

Praying to God that you not that blind.

Real love is so hard to find.

Do You want to shine? Its time! I can see the tear drops.

Falling down your face now.

He never really loved you, i came to take his place now.
