

# Hands Around My Throat

## Death In Vegas

Back down  
And touch  
The door is shut  
In the end  
You're just too close  
There's no-one here  
There's no-one there  
I still can't tell  
If you'd better try this  
And you might find  
I'm in your place  
I see your face  
The air is cold  
I'm still on hold  
I still can't tell  
What's been said  
Your Hands around my Throat  
Ask me to let go  
Your Hands around my Throat  
Your Hands around my Throat  
Your Hands around my Throat x 4
