

First Time

Vance Joy

Come over to my house
Jump in the neighbour's pool
It felt nice
It felt so nice And it was getting dark
You wrapped your long legs around me
I held on tight Lying in my bed
The unfamiliar sheets were so cool
On your skin When your daddy called
Said you were at a friends and we walked
The long way home
Going on my first impression I recall you wearin white
There was something sweet in the air that summer night
There will always be another time for us to fall in love
But it never cut you quite as deep as that first time You'll find out that the deepest cut is the first
time
First times always cuts the deepest Bring me with your hands
Show me a safe place and I'll calm down
Yeah I'll calm down And can you reckon
The look upon my face
It's on my lips
It's in my eyes
This vow will never break
Won't you say it one more time
Won't you say my name
Won't you say my name
This vow will never break
Won't you say it one more time
Won't you say
Say my name Going on my first impression I recall you wearin white
There was something sweet in the air that summer night
There will always be another time for us to fall in love
But it never cut you quite as deep as that first time You'll find out that the deepest cut is the first
time
First times always cuts the deepest Dadadadadadadada
Dadadadadadadada... Going on my first impression I recall you wearin white
There was something sweet in the air babe that summer night
There will always be another time for us to fall in love
But it never cut you quite as deep as that first time You'll find out that the deepest cut is the first
time
First times always cuts the deepest The first time You'll find out that the deepest cut is the first
time
First times always cuts the deepest The first time You'll find out that the deepest cut is the first

time

First times always cuts the deepest
