

# I Am Thy Labyrinth

## Mayhem

They speak  
In the garden of the prophet  
Divine madness  
The order of the cosmic immoral  
For what is humanity  
If not forlorn  
And crawling in my hands  
When the moment sings  
For I have read the signs  
And I have solved the riddle of eternal life  
The Jinnah have spoken  
For I have read the signs  
And I have solved the riddle of eternal life
