

Bad Girl

DJ Rap

When the red light comes on I transform
When the red light comes on I transform[Aubrey]
Look in my eyes covered in Maybelline
Looking like something fresh out a magazine
I can be part of your deepest fantasies
You're the detective come solve my mystery[D. Woods]
Some say that love is all that I'm missing
Some call it jezebel, I call it attention
But what they don't know they can't even imagine
Say I don't have no self-esteem but it's my fashion
Maybe I'm just a bad girl
Maybe I'm just a bad girl
Maybe I'm just a bad girl
Maybe I'm just a bad girl, a bad girl
I can be your addiction if you wanna get hooked on me
I can be your addiction if you wanna get hooked on me
Maybe I'm just a bad girl
Maybe I'm just a bad girl
Maybe I'm just a bad girl
Maybe I'm just a bad girl, a bad girlWhen the red light comes on I transform (When the red
light comes on I transform)
When the red light comes on I transform[Dawn]
Something about me has got you hypnotized
Examine my body like you're the science guy
Watching my every move you anticipate
What ya thinking about boy I can recreate
[Aundrea]
Some say that love is all that I'm missing
Some call it jezebel, I call it attention

When the red light comes on I transformFrom a caterpillar to a butterfly

I know I got something that you're gonna like
Don't be afraid I won't let you down
I'm the one that will make you come around Maybe I'm just a bad girl
Maybe I'm just a bad girl
Maybe I'm just a bad girl
Maybe I'm just a bad girl, a bad girl
