

Satisfaction Guaranteed

Alyssa Reid

I screwed up I know
And I did wrong I know
Why'd I let you down
You're the best thing around
There's a hole in my heart
And it tears me apart
Cuz I let you down
And you're the best thing I found I know what you like
Baby I know what you need
And if you come here tonight
Satisfaction guaranteed Just call me "baby" again
I ain't too proud to plead
Oh... I'll take care of you
Satisfaction guaranteed
The clock ticks its time
But still I can't unwind
Cuz I need your lips
And your heart next to mine So I drove past your place
Just to see your face
Why'd I let you down
You're the best thing around
This whole f-ing town I know what you like
Baby I know what you need
And if you come here tonight
Satisfaction guaranteed Just call me baby again
I ain't too proud to plead
Oh... I'll take care of you
Satisfaction guaranteed
I'm only human
You make mistakes too
Ain't nobody else
Do you like I
Do you like I do Forgive and try to
To walk in my shoes
Ain't nobody else
Do you like I
Do you like I do I know what you like
Baby I know what you need
And if you come here tonight
Satisfaction guaranteed Just call me baby again
I ain't too proud to plead
Oh... I'll take care of you

Satisfaction guaranteed I know what you like
Baby I know what you need
And if you come here tonight
Satisfaction guaranteed Just call me baby again
I ain't too proud to plead
Oh I'll take care of you
Satisfaction guaranteed YEAH
