

# Sabotage

Kristinia DeBarge

(It's sabotage now)  
I keep praying she'll leave me alone  
(Leave me alone)  
But she keeps waiting outside of my home  
I got an angel on the left sayin'  
Dont give in  
But the devil on the right's sayin'  
Let her in  
She wont stop kicking down my door (ah no ah no)  
(Chorus)  
But each time I try to play the good girl  
I let myself get in the way  
I try so hard to fight the bad girl  
But she's here to stay  
(It's sabotage now)  
Over and over again  
(It's sabotage now)  
Over and over again  
(It's sabotage now)  
Over and over again  
(and now my heart is)  
Broken all over again  
(It's sabotage now)  
I cant hold onto guys that I like  
(no no no)  
She keeps lookin' with wandering eyes  
I got an angel on the left screaming  
Get away  
But the devil on the right's saying  
Time to play (ooh)  
And I cant take it anymore  
It's sabotage now(Chorus)  
Each time I try to play the good girl  
I let myself get in the way  
I try so hard to fight the bad girl  
But she's here to stay  
(It's sabotage now)  
Over and over again  
(It's sabotage now)  
Over and over again  
(It's sabotage now)  
Over and over again

(and now my heart is)  
Broken all over again  
(It's sabotage now) When I fall in love I  
cause myself so much pain  
I sabotage my heart and  
and I dont know how to change It doesnt matter what I say  
or what I do  
'Cuz in the end she always wins i always loose  
I need to get her out of my life Each time I try to play the good girl  
I let myself get in the way  
I try so hard to fight the bad girl  
But she's here to stay  
(It's sabotage now)  
Over and over again  
(It's sabotage now)  
Over and over again  
(It's sabotage now)  
Over and over again  
(and now my heart is)  
Broken all over again  
(It's sabotage now) Over and over again  
(It's sabotage now)  
Over and over again  
(It's sabotage now)  
Over and over again  
(and now my heart is)  
Broken all over again  
(It's sabotage now)
