

God's Top Ten

INXS

(feat. Suzie McNeil) Romance is gone
He's drifting with the stars
A lyric in his pocket
Little girl in his heart
When you hear his songs
On the radio
I don't need to tell you
What you already know
He's on God's top ten
Where heaven never ends
You saw the world
And the world saw you on the stage
Wild, wild, wild, colonial boy
Roquefort Le Pont
Your gypsy heart is free
Pictures on the wall
Of your family
He's on God's top ten
Where heaven never ends
He's on God's top ten
Baby's got momma's eyes
She was always beautiful
When you hear his voice
Feel his arms around you
You remember mama smiling
A daddy's little girl
Bad weather
Cold media storm
He's on God's top ten
Where heaven never ends
He's on God's top ten
