

Un Perreo Hacemos (Reggaeton)

Anand Bhatt

in the morning when I rise, I think of you
and all the things I get to do with you
It's really no surprise, I'm into you
i love your smell, your smile, all the things you do Turn around now dance with me, i want you
at the count of 3 take my hand and bend your knees, un perreo hacemos you and me! now let's
show a good time, cuz we're out tonight
in front of all our friends, we're going to do it right
let's show em how it's done, how lovers do
vamos, bailamos, all eyes on me and you
Turn around now dance with me, i want you at the count of 3 take my hand and bend your
knees, un perreo hacemos you and me! Turn around now dance with me, i want you at the count
of 3 take my hand and bend your knees, un perreo hacemos you and me!
Turn around now dance with me, i want you at the count of 3 take my hand and bend your
knees, un perreo hacemos you and me! Turn around now dance with me, i want you at the count
of 3 take my hand and bend your knees, un perreo hacemos you and me!
