

# Two Young Hearts

Sabrina Carpenter

It's a narrow line I'm walking  
Better watch my step  
'Cause we got everybody talking And I can hear 'em say  
Maybe in another lifetime  
Maybe when you're older  
What they don't know is  
I've already made up my mind (my mind)  
And yes I know what love is 'Cause we are two old souls  
With two young hearts  
We can run, I will follow you to the end of the earth Where we can see forever  
They can never tear us apart  
Two old souls  
With two young hearts  
Two young hearts  
They say we're too young I could lie awake in darkness  
Oh, just to dream of you  
And you could lay your head on my chest  
Yeah, just like you always do Maybe in another lifetime  
Maybe when we're older  
At least we know that  
We've already made up our minds (our minds)  
And yes we know what love is 'Cause we are two old souls  
With two young hearts  
We can run, I will follow you to the end of the earth  
Where we can see forever  
They can never tear us apart  
Two old souls  
With two young hearts  
Two young hearts We're gonna keep on running  
Running for all that we are  
We want it all or nothing  
We knew it right from the start  
we are apart of something  
Something as old as time, time, time 'Cause we are two old souls  
With two young hearts  
We can run, I will follow you to the end of the earth  
Where we can see forever  
They can never tear us apart Two old souls  
With two young hearts  
Two young hearts  
You're never too young
