

Girl

Paul Wall

Oh girl, I'd be in trouble if you left me now
? Cause I don't know where to look for love
I just don't know how Oh girl, I'd be in trouble if you left me now
? Cause I don't know where to look for love
I just don't know how
Oh It started off, we were two peas in the pod
Motivated by love with the blessings of God
We were head over heels in this love thang
Funny, ain't it? Thinkin' back, our friends thought it was just a fling I used to call you on the
phone, late night tip
Mackin' to you in your ear, conversation well equipped
I used to make you laugh, I used to make you smile
But all the while your roommates were in denial
We felt a lot of jealousy from the very start
Your so-called friends kept tryin' to tear us apart
They used to tell you all kinda lies
Just like a wolf in sheep's clothing, the devil came in disguise They transformed all your smiles
into tears
To sabotage your happiness and blamed it on my busy career
I gave you e'rythang, aimin' to please
But I guess it wasn't enough? cause now you ready to leave
But don't go baby Oh girl, I'd be in trouble if you left me now
(What it do baby, don't leave me hangin' baby)
? Cause I don't know where to look for love
(I know you feelin' this)
I just don't know how
(I'm just sayin' though)
Oh girl, I'd be in trouble if you left me now
(I know you hearin' me, so don't do it baby)
? Cause I don't know where to look for love
(You know I keep it real)
I just don't know how
(Just let me tell you somethin')
Oh girl Lil' momma been down with me for a while
When you tryin' to smile I'm the one you like to dial
But lately I've been on a mission for commission
So while you at home wishin' you was with me I've been missin' But listen I'm tryin' to lace you
up with diamonds that glisten
I got a vision so baby you need to kill all the fiction
Don't listen to what your friends sayin', they just jealous
? Cause they on the sidelines watchin' while you in the game playin' I'm just sayin' you should
be stayin', but I ain't trippin'

I'm in love with my money baby that's how I'm livin'
 You know I got you on my mind like an edge up
 And all of your naggin' me and whinin' it got me fed up I'm on the grind hustlin', stackin' my
 cash
 But you just think I'm in the streets chasin' after some ***
 Tryin' to break that bread, I'm tryin' to get that cake
 But you complainin' talkin' 'bout you fin' to skate
 Baby what it do Oh girl, I'd be in trouble if you left me now
 ? Cause I don't know where to look for love
 I just don't know how Oh girl, I'd be in trouble if you left me now
 ? Cause I don't know where to look for love
 I just don't know how
 Oh I'm tryin' to tell you 'bout your friends hatin'
 While they be over there complainin' I'm just on my grind paper chasin'
 You got them insecure thoughts in your mind
 But instead of chasin' **** I be overtime on my grind You steady listenin' to the gossip in the
 beauty shop
 But all them jealous single females want what you got
 They would do anythang to take yo' place
 ? Cause every time I come around they be givin' me that sex face You ridin' ***** in the
 James Bond Benz
 With the frog-eyed lens on them 20 inch do rims
 So why you worried about your jealous so-called friends
 I'm just on my grind tryin' to stack me up some ends baby I used to make you laugh, I used to
 make you smile
 And all the while your jealous friends been in denial
 I ain't askin' much, lil' momma just keep it real
 Either you're down with me or not, baby what's the deal? Oh girl, I'd be in trouble if you left me
 now
 ? Cause I don't know where to look for love
 I just don't know how Oh girl, I'd be in trouble if you left me now
 ? Cause I don't know where to look for love
 I just don't know how Oh girl, I'd be in trouble if you left me now
 ? Cause I don't know where to look for love
 I just don't know how Oh girl, I'd be in trouble if you left me now
 ? Cause I don't know where to look for love
 I just don't know how Oh girl, I'd be in trouble if you left me now
 ? Cause I don't know where to look for love
 I just don't know how Oh girl
