Don't Speak Liar

We the Kings

Just sit back And tell me I'm a liar for this Don't roll your eyes Rewind This happens Way too many timesSo sit back And tell me that your Tired of this I know I'll grow up someday But it's 2am And I'm too high and dry And I won't come down to So when I come back I won't say a word I know I've said this before Don't speak, liarNo we won't talk We won't say a word I know You've heard this before Don't speak, liarSit back And tell me why I'm so prone to this Do you think I'm fond of Getting you and letting you down And I'll get mine soon So when I come back I won't say a word I know I've said this before Don't speak, liarNo we won't talk We won't say a word I know You've heard this before Don't speak, liarAnd if the story ends here I can't be surprised to find Your eyes are open wide And that I have inspired youAnd when you come back Don't say a word I know

You've said this before Don't speak, liarNo we won't talk We won't say a word I know We've heard this before Don't speak, liar Don't speak, liar Whoa-oh Don't speak, liar
