

# Today

## Poe

Standing in the doorway  
Of my life in this house  
Trying to find a way to get out Looking for a sign  
That I should open the door  
This craziness is getting me down But today is the day  
We break free  
Today is the day  
We break free  
Walking down the stairway  
To the traffic below  
Anything could happen  
I know  
Hey but I'm sick of everybody  
Telling me what to do  
I hear you  
Hey but I already know 'Cause today is the day  
We break free  
Today is the day  
We break free It's clear in my mind  
After all of this time  
What I feel, my love There are so many times  
That the sun doesn't shine  
But I'm here, my love  
Today is the day Maybe I should wait  
Just a minute or two  
It's getting cold now  
I feel so insecure The future is a mistress  
That is so hard to please  
And the past  
Is a pebble in my shoe But today is the day  
We break free  
Today is the day  
We break free It's clear in my mind  
After all of this time  
What I feel, my love There are so many times  
That the sun doesn't shine  
But I'm here, my love And today is the day Ah... Oh yeah... Here we go now Today is the day  
Today is the day, is the day  
Today is the day  
It's clear in my mind after all of this time (Today... is the day)  
Today is the day, (Today) is the day  
Today is the day

'Cause you and me and we break free (It's clear in my mind)  
You and me (After all of this time)  
Today is the day, today is the day (Is the day)  
Today is the day

'Cause you and me and we break free (It's clear in my mind)  
You and me (After all of this time)  
Today is the day, today is the day (Is the day)  
Today is the day (Oh no)

If you and me and we break free (It's clear in my mind after all of this time) (Today... is the day)

You and me and we break free today! (Today is the day)

Today is the day (Today is the day) (Oh oh today!)

Today is the day (Today is the day)

It's clear in my mind (Today... is the day)

After all of this time (Today is the day)

Today is the day (Ah ah ah ah ah ah ah!)

Is the day (Today-ay-ay-ay!)

Today is the day (Ah ah ah oh oh)

It's clear in my mind (Today is the day) (Ah ah ah oh oh)

After all of this time (Is the day) (Ah ah)

Today... is the day

Today is the day, aaah yeah

Today is the day

It's clear in my mind (Today... is the day)

After all of this time (Today is the day)
