

# I Do

Felix Jaehn

Drowning in an ocean of you  
Forty foot waves  
Whispering sweet nothings in your bed  
Could stay here for days Gave you all of me I'll never leave  
Ways that we could stay between the sheets  
Oh but they can't see what you do to me  
Doesn't really matter what they say And they think you don't give enough  
But I do, I do  
They say I don't really need your love  
But I do, I do... I DO  
Open ticket to nowhere  
is how we spent our days  
Chasing that silver lining hiding far away I never wanted to change Gave you all of me I'll never  
leave  
Ways that we could stay between the sheets  
Oh but they can't see what you do to me  
Doesn't really matter what they say  
And they think you don't give enough  
But I do, I do  
They say I don't really need your love  
But I do, I do... I DO  
And they think you don't give enough  
But I do, I do  
They say I don't really need your love  
But I do, I do... I DO  
End
