

7 Summers

Morgan Wallen

Yeah, you used to talk about
Getting even further South
Somewhere where the summer lasted all year 'round
Probably got a big ol' diamond on your
hand right now
Maybe a baby or a couple by now
Long driveway to a big white house
But I wonder when you're drinking if you
Find yourself thinking about
That boy from East Tennessee
And I know we both knew better
But we still said forever
And that was seven summers ago
In southern comfort, were we
Dumb or just younger, who knows?
Back then, you used to love the river
And sippin' on a sixer with me
Does it ever make you sad to know
That was seven summers ago?
Yeah, I bet your daddy's so proud
Of how his little girl turned out
Think she dodged a bullet
Of a good old boy like me
'Cause I still
Go drinkin', same friends on Friday
Bought a few acres, couple roads off the highway
Guess you never saw things my way anyway
But I wonder when you're drinking if you
Find yourself thinking about
That boy from East Tennessee
And I know we both knew better
But we still said forever
And that was seven summers ago
In southern comfort, were we
Dumb or just younger, who knows?
Back then, you used to love the river
And sippin' on a sixer with me
Does it ever make you sad to know
That was seven summers ago?
Seven summers ago
Seven summers ago
Yeah, I wonder when you're drinking if you
Find yourself thinking about
That boy from East Tennessee
And I know we both knew better
But we still said forever

And that was seven summers ago
In southern comfort, were we
Dumb or just younger, who knows?
Back then, you used to love the river
And sippin' on a sixer with me
Does it ever make you sad to know
That was seven summers ago?Seven summers ago
Seven summers ago
