

# New Song

## Warpaint

You come along, you come along  
And wash away the rain  
You are the sun, you are the sun  
That leads me babe, to where I belong  
Where I come from  
Because of you, I know where I belong You're a new song  
You're a new song baby  
You're a new song to me  
You're a new song  
You're a new song baby  
You're a new song to me  
I was, I was, I wasn't wrong  
To think, to think that it was wrong for me  
I want, I want it, I want it all  
I want, I want, I want it all so sweet  
You got the moves, you got the moves  
You got the moves, bang bang baby  
You got the moves, you got the moves I have never felt this strong  
Dancing to you all night long You're a new song  
You're a new song baby  
You're a new song to me  
You're a new song  
You're a new song baby  
You're a new song to me  
You're a new song  
You're a new song baby  
You're a new song to me  
You're a new song  
You're a new song baby  
You're a new song to me  
You're a new song to me Dancing to you all night long  
Dancing to you all night long (you're a new song baby)  
Dancing to you all night long (you're a new song to me) You're a new song  
You're a new song baby  
You're a new song to me  
You're a new song  
You're a new song baby  
You're a new song to me
