

# Villain (feat. Valentina)

## Yellow Claw

[Verse 1]

I still wanna talk to you sometimes  
And I heard that you moved on and that's fine  
Said you hated me, wanted space from me  
So I won't do a thing

But I still wanna talk to you sometimes[Pre-Chorus]

I cut you in my silver tongue  
You thought that we'd be something good  
Something good

I'm sorry that I broke your heart  
I know I really had you hurt

[Chorus]

I'm the villain in your story, story  
If I were you I wouldn't call me, call me  
'Cause I'm the villain in your story, story  
If villains don't get to say sorry

I'm sorry[Post-Chorus]

I'm sorry[Verse 2]

Do you still wanna talk to me sometimes?  
You called me back since the last night

And it's obvious how saw the audience is on your side  
I know you don't wanna talk to me sometimes[Pre-Chorus]

I cut you in my silver tongue  
You thought that we'd be something good  
Something good

I'm sorry that I broke your heart  
I know I really had you hurt

[Chorus]

I'm the villain in your story, story  
If I were you I wouldn't call me, call me  
'Cause I'm the villain in your story, story  
If villains don't get to say sorry

I'm sorry[Post-Chorus]

I'm sorry[Outro]

I'm sorry
