

Banga! Banga!

Austin Mahone

Austin Mahone!
Lemme get it, ain't no playing with it
Lemme get it, Lemme get it Fire, make it shoot shoot shoot shoot shoot
You're so automatic
Can't none of them see you
Five stars going off on 'em baby
I love how you flex
Your style is so crazy, you're a fire on the set
You're a problem, girl, gotta get you
Ain't no waitin' with it
The one you came here with
Tell that boy forget it
Fate is what to tell him
'Cause I got him next
You don't need no explanation
Let him see and figure it out Your eyes are telling that you're riding with me
But I'd be lyin' if I didn't admit The things I wanna say to you right here
I didn't say it but I just can't say it 'til I said it You're a banga banga banga banga
I wanna pledge a bet
Before the night is over
Girl, I'm gonna make it that
So, promise if I make you mine
So, promise if I make you mine
You ain't gonna play with that
Show me where that turnt up at
You're a banga banga banga banga banga
I wanna pledge a bet
Before the night is over
Girl, I'm gonna make it that
So, promise if I make you mine
So, promise if I make you mine
You ain't gonna play with that
Show me where that turnt up at You gotta promise, if I let you hop up in the jeep
You gon' turn up in the seat
You like ridin', don't ya?
(You ain't gonna play with that)
You like ridin', don't ya?
(You ain't gonna play with that Show me where that turnt up at) I don't said it, now what you gon'
do
Formal introduction
You got me focused, now it's time for you
To show me something You're like a trophy on my dash

A diamond that you are Love to see you shining like a proper superstar
 Got me asthmatic
 'Cause you're like a perfect ballerina I'm on my Brad Pitt, come and be my future Angelina
 (Now you know enough to get it) Baby, if you let me love you, I ain't never gonna stop You're a
 banga banga banga banga banga
 I wanna pledge a bet
 Before the night is over
 Girl, I'm gonna make it that
 So, promise if I make you mine
 So, promise if I make you mine
 You ain't gonna play with that
 Show me where that turnt up at You're a banga banga banga banga banga
 I wanna pledge a bet
 Before the night is over
 Girl, I'm gonna make it that
 So, promise if I make you mine
 So, promise if I make you mine
 You ain't gonna play with that
 Show me where that turnt up at Show me-show me where that turnt up-turnt up
 Show me-show me, where that-where that
 Show me-show me, turnt up-turnt up Where that turnt up at Your eyes are telling that you're
 riding with me
 But I'd be lyin' if I didn't admit The things I wanna say to you right here
 I didn't said it but I just can't say it 'til I said it You're a banga banga banga banga banga
 I wanna pledge a bet
 Before the night is over
 Girl, I'm gonna make it that
 So, promise if I make you mine
 So, promise if I make you mine
 You ain't gonna play with that
 Show me where that turnt up at You're a banga banga banga banga banga
 I wanna pledge a bet
 Before the night is over
 Girl, I'm gonna make it that
 So, promise if I make you mine
 So, promise if I make you mine
 You ain't gonna play with that
 Show me where that turnt up at You gotta promise, if I let you hop up in the Jeep
 You gon' turn up in the seat
 You like ridin', don't ya?
 (You ain't gotta play with that)
 You like ridin', don't ya?
 (You ain't gotta play with that Show me where that turnt up at)
 You like ridin', don't ya?
