

An Ocean in Between the Waves

The War on Drugs

Run away and travelling
Been walking every day
I watch you as you hesitate
Walking through the rain
I bet I get company again
They try to redefine
Everything had a ...
Got know you're mine
Feel the wave that the wind blows to the room
Knocking way down to the heart
That just don't be the fame in the room
That neither will be the...
I'ma find in this hour
Can I be more?
And I'll be just a fool
It always gets so hard
To see right before the moon
Can I be more than just a fool?
It always gets so hard
To see right before the moon
Far away mile there's a black sunrise and a land
And it moves to the midnight rain
How can I surround myself in time and time again?
How can I be free?
Just wanna land the moon right
And let shine and see me under
It never gets too dark to find
Anybody at anytime
I'm the dark and you're the sun
And there's a haze right between the trees
And I can barely see you
You're an ocean in between the waves
