An Ocean in Between the Waves

The War on Drugs

Run away and travelling Been walking every day I watch you as you hesitate Walking through the rain I bet I get company again They try to redefine Everything had a ...

Got know you're mineFeel the wave that the wind blows to the room

Knocking way down to the heart

That just don't be the fame in the room

That neither will be the...

Ima find in this hour

Can I be more?

And I'll be just a fool

It always gets so hard

To see right before the moon

Can I be more than just a fool?

It always gets so hard

To see right before the moon

Far away mile there's a black sunrise and a land

And it moves to the midnight rain

How can I surround myself in time and time again?

How can I be free?

Just wanna land the moon right

And let shine and see me under

It never gets too dark to find

Anybody at anytime

I'm the dark and you're the sun

And there's a haze right between the trees

And I can barely see you

You're an ocean in between the waves
