I Found You

The Wanted

She wants me to come over I can tell her eyes don't lie She's calling me in the dark She moves, I swear the room Around her lights up like the sky Confidence like a rockstarI wanna put my hands on her hands Feel the heat from her skin Get reckless in the star light I'm moving to the beat of her heart I was so lost until tonight Tonight I found you in my darkest hour I found you in the pouring rain I found you when I was on my knees And your life brought me back again Found you in a river of pure emotion I found you, my only truth I found you and the music playedI was lost Till I found you, you, you Till I found you, you, youThe night is getting older And I can't come off this high I don't want this here to end I know she feels the same Cause I can see it in her eyes She says, "Can we start again?" I wanna put my hands on her hands Feel the heat from her skin Get reckless in the star light She's moving to the beat of my heart We were so lost until tonight TonightI found you, in my darkest hour I found you, in the pouring rain I found you, when I was on my knees And your life brought me back again Found you in a river of pure emotion I found you, my only truth I found you and the music playedI was lost Till I found you, you, you Till I found you, you, youI said people We're all looking for love tonight But sometimes we can't see it We're all blinded by the light

And we all get low, all get low Searching for that peace of mind Just when I'd given up Looking for some kind of signThat's when I found you, you, you I found you, you found you, in my darkest hour I found you, in the pouring rain I found you, when I was on my knees And your life brought me back again Found you in a river of pure emotion I found you, my only truth I found you and the music playedI was lost Till I found you
