

Ain't I a Woman

Sabrina Starke

My life don't feel the same
I've been traveling for a while, been reclaiming my space
I'm in search of truth
Now let me tell you the story "Sojourner" been through
Many hardships and trials, not afraid to speak her mind
The voice of reason
No need to drown in a pool of salvation Ain't i a woman?
Ain't i a woman?
Ain't i a woman?
In search for freedom with no limitation
Don't you agree?
Don't you agree?
Don't you agree?
Oh, I am a woman indeed
Determined to shine my light
Won't let nobody kill this fire of mine.
Open up and testify, not even fear can stop me now
Tell it on the mountain
Keep on fighting for the rest of my life.
A soul on a mission
Follow my heart and my intuition. Ain't i a woman?
Ain't i a woman?
Ain't i a woman?
In search for freedom with no limitation
Don't you agree?
Don't you agree?
Don't you agree?
Oh, I am a woman indeed
I transpire ancient energy's.
Purify my soul and fill my heart with joy.
Inside I cry, speak your name and testify.
Your words won't die
Still they rise, living on in me, indeed Ain't i a woman?
Ain't i a woman?
Ain't i a woman?
In search for freedom with no limitation
Don't you agree?
Don't you agree?
Don't you agree?
Oh, I am a woman indeed
