When I was in the trap

Where was you at, lemme know, where was you at?

Where was you at?

Where was you at?

Keep it real, no cap

Don't cap, don't cap, keep it real don't cap

Where you at? Where you at? baby tell me where you at

Brand new fendi drip, on my hip
I be making money, i got shrimps on top of shrimps
Swear these boys be capping, they be saying I missed
I just shot my shot and you know I ain't miss
Brand new Gucci laces
When I see the money I can taste it
When i see the money I try make it
For the guap, I cannot be waiting
But lately I been working on my patience
Working on my patience[Chorus]
Where was you at?
I was down bad
You was at, when I had no gas
Where was you at?
When I was in the trap
Where was you at, lemme know, where was you at?
Where was you at?
Where was you at?
Keep it real, no cap
Don't cap, don't cap, keep it real don't cap
Where you at? Where you at? baby tell me where you at[Outro]
