

Love Is My Condition (feat. Mia Maestro)

Faithless

Love Is My Condition*
Love is my condition
Fired
Love is my condition
Fired
Love is my condition
Fired
Fired
Has been fired
Love is my condition
Fired
Fired
Has been fired
Once the catch has been caught
Money has been counted
Once the shot has been fired
T' killing's done
Once the catch has been caught
Money has been counted
Once the shot has been fired
T' killing's done
Birds have flown
Train has pulled out
Fired
Wash my face
N' then undress
Close the curtain
N' leave the mess
Knowing
Fired
Pills won't help it
Words won't help it
Money can't help it
Pills won't help it
Words won't help it
Money can't help it
Once the bet has been drawn
The bodies have been counted
Once my shot has been fired
Fired
Fired
Fired

Fired
(Knowing... pills won't...)
I wash my face
And then undress
Close my day
And leave the mess
Love is my Condition
Knowing
Pills won't help it
Words won't help it
Money can't help it
Pills won't help it
Words won't help it
Money can't help it
