

# Love Is My Condition (feat. Mia Maestro)

## Faithless

Love Is My Condition\*  
Love is my condition  
Fired  
Love is my condition  
Fired  
Love is my condition  
Fired  
Fired  
Has been fired  
Love is my condition  
Fired  
Fired  
Has been fired  
Once the catch has been caught  
Money has been counted  
Once the shot has been fired  
T' killing's done  
Once the catch has been caught  
Money has been counted  
Once the shot has been fired  
T' killing's done  
Birds have flown  
Train has pulled out  
Fired  
Wash my face  
N' then undress  
Close the curtain  
N' leave the mess  
Knowing  
Fired  
Pills won't help it  
Words won't help it  
Money can't help it  
Pills won't help it  
Words won't help it  
Money can't help it  
Once the bet has been drawn  
The bodies have been counted  
Once my shot has been fired  
Fired  
Fired  
Fired

Fired  
(Knowing... pills won't...)  
I wash my face  
And then undress  
Close my day  
And leave the mess  
Love is my Condition  
Knowing  
Pills won't help it  
Words won't help it  
Money can't help it  
Pills won't help it  
Words won't help it  
Money can't help it
