

Places to Run

Jake Owen

I've lived all my life, with no ties that bind,
There wasn't anything or anyone that I couldn't leave behind,
I could always find a getaway from what I was hiding from,
It's looking like I've run out of places to run. Everywhere I go, and everything I do,
There ain't a corner that I turn that ain't one big déjà vu,
She told me when I walked away that this day would come,
She was right I've run out of places to run. Everywhere I go, and everything I do,
There ain't a corner that I turn that ain't one big déjà vu,
I could always find a getaway from what I was hiding from,
She was right, I finally run out of places to run,
Ooooh I finally run out of places to run.
