## Somebody That I Used To Know

## Walk Off the Earth

Now and then I think of when we were together Like when you said you felt so happy you could die Told myself that you were right for me But felt so lonely in your company But that was love, and it's an ache I still rememberYou can get addicted to a certain kind of sadness Like resignation to the end, always the end So when we found that we could not make sense Well, you said that we would still be friends But I'll admit that I was glad that it was overBut you didn't have to cut me off Make out like it never happened and that we were nothing And I don't even need your love But you treat me like a stranger, and that feels so rough No, you didn't have to stoop so low Have your friends, collect your records, and then change your number I guess that I don't need that though Now you're just somebody that I used to knowNow you're just somebody that I used to know Now you're just somebody that I used to knowNow and then I think of all the times you screwed me over But had me believing it was always something that I'd doneBut I don't wanna live that way Reading into every word you say You said that you could let it go And I wouldn't catch you hung up on somebody that you used to knowBut you didn't have to cut me off Make out like it never happened and that we were nothing And I don't even need your love But you treat me like a stranger, and that feels so rough No, you didn't have to stoop so low Have your friends, collect your records, and then change your number I guess that I don't need that though Now you're just somebody that I used to knowSomebody (I used to know) Somebody (now you're just somebody that I used to know) Somebody (I used to know) Somebody (now you're just somebody that I used to know)I used to know That I used to know I used to know Somebody
