

Camouflage

Brandy

I'm a work in progress, I'm a seed grown into a flower
I'm a storm that's rising and getting stronger with every hour
And God knows I ain't perfect, tell me who in the world is?
All I know is that I'm searching for somebody to love me with These flaws I've got, they're all
part of who I am
Take me or not, but I finally understand
I'm so done trying to be everything you want
And I have to stop 'cause baby, you ain't worth it
If I gotta camouflage, for love, for love
No, I won't camouflage, for love, for love, I won't camouflage I need a lot of improvement, not
even half way to destiny
But I'm a train that's moving and everyday I'm picking up speed
And God knows you ain't perfect
So who are you to put pressure on me?
That's why I'm still searching for somebody to love me with
These flaws I've got, they're all apart of who I am
Take me or not, but I finally understand
I'm so done trying to be everything you want
'Cause I have to stop, 'cause baby, you ain't worth it
If I gotta camouflage, for love, for love
No, I won't camouflage, for love, for love, I won't camouflage I've learned from my mistakes
The only way you're gonna be happy
Is if someone's down to take
Here when it's good and it's bad you see
I tried giving half of me, in the end I came up empty
And that's why I'm searching, yeah
For somebody to love me with these flaws These flaws I've got, they're all part of who I am
Take me or not, but I finally understand
And I'm so done trying to be everything you want
'Cause I have to stop, 'cause baby, you ain't worth it
If I gotta camouflage
These flaws I've got, they're a part of who I am
Take me or not, but I finally understand
And I'm so done trying to be everything you want
When I have to stop, 'cause baby, you ain't worth it
I've gotta camouflage For love, for love, no, I won't camouflage
For love, for love, I won't camouflage
If I gotta camouflage, 'cause baby, you ain't worth it
If I gotta camouflage
Baby, you ain't worth it, if I gotta camouflage
