

# Deliverance (live)

## Up Front

Now Watch! The grand deliverance opens up like cuts in the skin It'll show the roads and take  
you where  
You've never been Returning and burning - Feel the barriers explode From the barrel of  
aggression it's time  
To reload This organic ammo moves faster than these eyes can see Those bullets kill the  
distance in just as  
fast as speed can be Returning and burning - Feel the barriers explode From the barrel of  
aggression it's time  
To reload Black - the ace of shades - Strikes through the veins of the lame The face of the target  
is  
Selfdestruction and its tongue speaks your name Deliverance - The soul explodes Down on your  
knees you have  
some bullets to please The clips are full and there's a trigger to pull Down Down Down - And  
fill another round  
The conflict is you - You better take on this fight From the ballistic wombs, here comes your  
death in flight  
The more you grind your hate the sharper it'll get You've seen nothing yet  
Rising yet falling - The paradox in tribulation And the field turns bloodred as the colours of  
frustration  
Misanthropic hightime holds the rhythm to your rhyme But still the hesitation is magnetized to  
your spine  
What will make you cross the line...? Black - the ace of shades - Strikes through the veins of the  
lame The face of the target is  
Selfdestruction and it weaks your name Deliverance - The soul explodes Down on your knees  
you have some bullets to please  
The clips are full and there's a trigger to pull Down Down Down - And fill another round  
And so the grand deliverance opens up like cuts in the skin Now you know it - You've always  
been here within  
Deliverance - The soul explodes Down on your knees you have some bullets to please The clips  
are full and  
there's a trigger to pull Down Down Down - And fill another round Deliverance - The soul  
explodes  
Down on your knees you have some bullets to please The clips are full and there's a trigger to  
pull  
Down Down Down - And fill another round Lock, Stock, Deathstruck!
