

# Hard Time

Seinabo Sey

Hard time forgiving  
Even harder forget  
Before you do it son  
You might regret a friend!  
Hard time forgiving  
Even harder forget  
Before you do it son  
You might regret a friend! Turn me for granted,  
But guard other few in  
I'm aware of this  
I didn't let you in  
Sing for you to swim,  
Dancing on the left  
Try to make you stay  
I didn't let you in!  
Brought to what became,  
Became you & me  
Try to mend it but  
I can't bend the truth!  
Bricks are caving in  
Oh how sweet this end  
I left you the beast,  
You won't let me in!  
Hard time forgiving  
Even harder forget  
Before you do it son  
You might regret a friend! Hard time forgiving  
Even harder forget  
Before you do it son  
You might regret a friend! Left me on the floor  
Now I'm at the shore  
Here's change you can't keep  
Sold yourself too cheap!  
Thought you got a way  
They say it's today!  
You thought hell was hard  
Let me show you now!  
Hard time forgiving  
Even harder forget  
Before you do it son  
You might regret a friend! Hard time forgiving  
Even harder forget

Before you do it son  
You might regret a friend! This time I will be louder than my words  
Walk with lessons that oh, I have learnt  
Show the scars I worn  
In the light of day  
Shadows will be found  
I will hunt them down! Hard time forgiving  
Even harder forget  
Before you do it son  
You might regret a
