You and I

Medina

Nothing left for me to say
There's no more wicked games to play
It's time for me to walk away
I am allrightI feel like I'm on a high
A new beginning that is my life
I'm turning to the rythm of the night

I am allrightThe music is making me grow and

The only thing that keeps me awake is me knowing There's noone here to break me or bring me down

And noone here to hurt me or fool around have no more time for you to hurt my feelings

Done enough to prove I'm all that I believe in

We are at the end no more stupid lies

I'm better off without you here by my side

So no there is no longer you and I - you and I

You and I - you and I

You and I - you and I

You and I

There is no longer you and I - you and I

You and I - you and I

You and I - you and I

You and IDon't care what other people say

I know you fool around all day

Now it doesn't hurt me anyway

I am allrightAnd when the day turns into night

I'm in a club forgetting you and I

And when I'm think of how you treated me

You proved me right

The music is making me growing

The only thing that keeps me awake is me knowing

There's noone here to break me or bring me down

And noone here to hurt me or fool around. I have no more time for you to hurt my feelings

Done enough to prove I'm all that I believe in

We are at the end no more stupid lies

I'm better off without you here by my sideSo no there is no longer you and I - you and I

You and I - you and I

You and I - you and I

You and I

There is no longer you and I - you and I

You and I - you and I

You and I - you and I

You and I
